If so, Lake County Government is the place for you. Comprised of nearly 3,000 employees, it is our goal to positively serve the residents of Lake County while working with a purpose. We believe our employees should take pride in the work they accomplish while truly respecting a collaborative work environment. Do you have a background in Civil Engineering? If so, this position could very well be for you:

Position: Engineer, Senior Engineer or Principal Engineer
Location: Libertyville, Illinois
Salary: \$56,000 - \$91,000

Responsible for the completion of highway improvement design projects. Becoming a Civil Engineer at Lake County Division of Transportation will allow you to be involved with engineers within local government, ranging from consulting and municipalities to the State of Illinois. Your day will consist of development of plans, specifications, and estimates for in-house design projects; review of phase I and phase II engineering deliverables produced by outside design consultants or in-house design staff; and occasional field work and public meeting attendance. You will have endless opportunities to impact and make a difference within Lake County. Being able to build working relationships with employees, 30 countywide departments and the public, is sure to keep you interested and continuously learning.

To be successful in this role individuals should have a working knowledge of modern principles and practices of civil engineering; strong oral and written communication skills; possess the ability to effectively problem solve and have the ability to work both individually and in a team atmosphere; ability to read and interpret plans, legal descriptions, geotechnical reports, traffic studies and intersection design studies.

Lake County offers a competitive salary and benefit package with performance-based incentive plans. We also offer flexible working hours, and a comprehensive wellness and training program.
